

2nd ICT RESEARCH COLLOQUIUM
(By: Engr. Alma V. Tancuangco)

The 2nd ICT Research Colloquium was held on February 13, 2020 at the University Hostel from 8:00 a.m. to 5:00 p.m. Different researches and technological innovations were presented by the ICT students. The active participation of the BSIT and BS Computer Engineering students, CCS Faculty, and their dean, was indicative of the unified success of the event.

Below are detailed highlights of the event and the list of papers presented.

TITLE	PRESENTER
Blood+: Demand Forecasting for Blood Supply Chain	Carlos, Patricia Mae T.* Morales, Isabel C. Amado, Jervie M. Cabusao, Rainier M. Coronel, Andrei D. Macabulos, Justine T. Guese, Maria Ivy M.
Informative Augmented Reality Tour Assistant for Museum of Philippine Social History	Dagdag, Eugene Paul P.* Mallari, Rendel S. Hinobiagon, Ginalyn R.* David, Carl Joseph
TayidVR: An Urban Crossing Simulator using Virtual Reality for Android Phones	, Azupardo, Jerrica Mae*, Felipe, Daryll, Fernandez, Ron , Gatdula, Arden, Luquiiaz, Marvin
KabalenDoc: An Online Medical Assistance	Resh Joshua Z. Tuazon* Reynaldo S. Deguidoy Jr. Shalom P. Guevarra Kimberly D. Silva* Aileen P. de Leon*
MukhApp: Efficacy Enhancement in Releasing NBI Clearance using Facial Recognition for National Bureau of Investigation	Serrano, Jeffrey G.* Salalila, Davemm M.* Manguera, Jeffrey D.* Philip Doctor
Qualifying Entrance Examination and Assessment Application for DHVSU-COE	Macaspac, Jaizel M.* Calma, Jaira L. Mallari, Angelou D. Olayan, Romnel S.* Delara, Earl Joseph L. Jeremiah M. Lacandola Salenga, Jordan
The Healing Power of Herbal Plants: An Android Application	Ramos, Merwin Noel A.* Musni, Mark Harley*

	<p>Tolentino, Mark Reniel A. Munsalod, Warren C. Manalo, Levee T. Mondero, Jake D. Paruli, Jerome B. Gozun, Keithly Marie A. Ocampo, Jewell Rose M. Reden Paul Rivera</p>
<p>SWITCH-IT-APP: ANDROID-CASED REMOTE-CONTROLLED POWER MANAGEMENT SYSTEM FOR CCS LABORATORY</p>	<p>Torregoza, Ric M., Borja, John Den A* Pantaleon, Mark Jayson P.* Julieta Umali</p>
<p>Graduates Employability Tracer System,</p>	<p>Vergara, Iana Marie Espinosa, Camille Gacusana, Fer Ann Nicole* Roque, Isabel Castro, Rica Jersey Sampang, Robert Canlas, Josue Rivera, Catherine Puno, Ruby Rosa</p>
<p>VERDE: Greenhouse Fruit Monitoring system Via Image Processing</p>	<p>Cuyugan, Joshua*, Lanzon, Art, Colapo, Aldrin, MaÑalac, Laurence, Cortes, Jonathan, Dela Cruz, Asil Kastle, Domingo Arvee</p>
<p>Portable Leaf Information Medicinal Device (PLIM Device)</p>	<p>Tayag, Francisco*, Ronquillo, Patrick, Olaguera, Jhon Roelvien, Encio, Jassen, Sison, Emilio III, Dela Cruz, Asil Kastle, Puno, Ruby Rosa</p>
<p>Phlebomappa: Vein Detection Device</p>	<p>Viray, Jovielyn*, Balan, Sofialyn, Manalastas, Art, Sindingan, Nina Ella, Pangilinan, Patrick Nichol, Dela Cruz, Asil Kastle, Domingo, Arvee</p>

- The Program started with a Prayer led by Patricia Mae Carlos, BSIT student
- A welcome address presented by the Director of the RDSO, Dr. Robin Dimla
- An inspirational message was delivered by Engr. Ranie B. Canlas, VP for Research Extension and Training
- Panelists were actively engaged during the session by sharing their commendations as well raising questions to clarify several items from each presenter led by Mr. John Paul Miranda, Engr. May Layson and Engr. Raphael delos Santos
- There were Top seven Best Posters, Best Presenter and Best Paper

- Best Presenter was awarded to Joshua Cuyugan, BS Computer Engineering student
- Best Paper was awarded to TayidVR: An Urban Crossing Simulator using Virtual Reality for Android Phones
- The following were the Top Seven Posters
