

College of Industrial Technology Research Colloquium

(By: Engr. Alma V. Tancuangco)

The CIT conducted the Research Colloquium last March 9, 2020 at Multi-Purpose Hall, DHVSU Main Campus. The activity was started at 8: 00 a.m. with an invocation and singing of Philippine National Anthem. Dr. Benny Legamia, Dean of the College of Industrial Engineering welcomed the researchers and guest at the same time shared an inspiring message. Dr. Adrian Singian, CIT Research Coordinator and moderator of the event, introduced the panel of experts and stated the Colloquium Mechanics. The panel of the event includes: Engr. Patrick Sta. Maria (ME Specialist) and Engr. Armie C. Tolentino.

There were seven (7) papers presented during the session:

Title of the Paper/ Project	Proponents
Determining the productivity of BSIT- Food and Service Management Graduates of 2015 to 2018	Jennalyn Macaspac Dainne P. Calma
Design, Development and Evaluation of a Pet Bottle Shredding Machine	Marie Claire Angela C. Quizon Charles Mikhasel F. Lugtu Jhonnell A. Serrano
Design and Evaluation of an Improved Digital Controlled Oil Changing Device	Romart Dave Dimalanta Celso G. Lacuata Mark A. Macale Ramsey James Mallari
Development and Evaluation of a Brake and Clutch Vacuum Bleeder Machine	Anthony S. Figueroa Bien Mattheus Q. Garcia John Paul B. Cordero
Development and Evaluation of Peanut Pod Charcoal Powder	John Patrick Nicole G. Eupalao Mac Chester A. Patawaran Victor John A. Calma
Design, Development and Testing of a Modified Hydro-Powered Turbine Type Generating System	Jaysie G. Tanglao Christian Joseph Manalo Renz Jude Valencia Neil Alfredth Serrano

After the presentation of all the papers, Awarding of Certificates of Recognition, the program ended with Closing Remarks by Dr. Adrian Singian, CEA Research Coordinator.

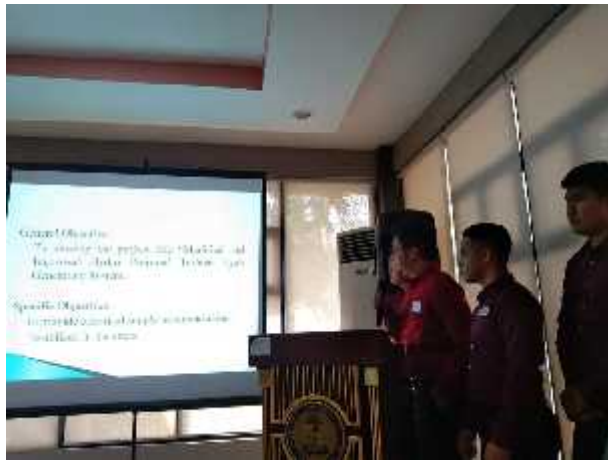

Highlights of the CIT RESEARCH COLLOQUIUM
