

## **Instrument Validation Webinar 2020**

**(By: Kyle Diana R. Manio)**

It has been a practice of the Research and Development Services Office to hold capability-building program. The purpose of capability-building program is to increase awareness and celebrate research activities happening in the university.

The pandemic situation today did not stop the RDSO in conducting capability-building program. September 7, 2020, the RDSO held its capability-building webinar Session 1 titled “Publication to Reputable Research Journal” and on September 15, 2020, Session 2 titled “Instrument Validation”.

### **Session 2: “Instrument Validation”**

RDSO’s core members shared their invaluable insights.

#### **Content Validation and Factorial Analysis (EFA & CFA)**

-Dr. Robin B. Dimla, Engr. Anna Liza Nacion

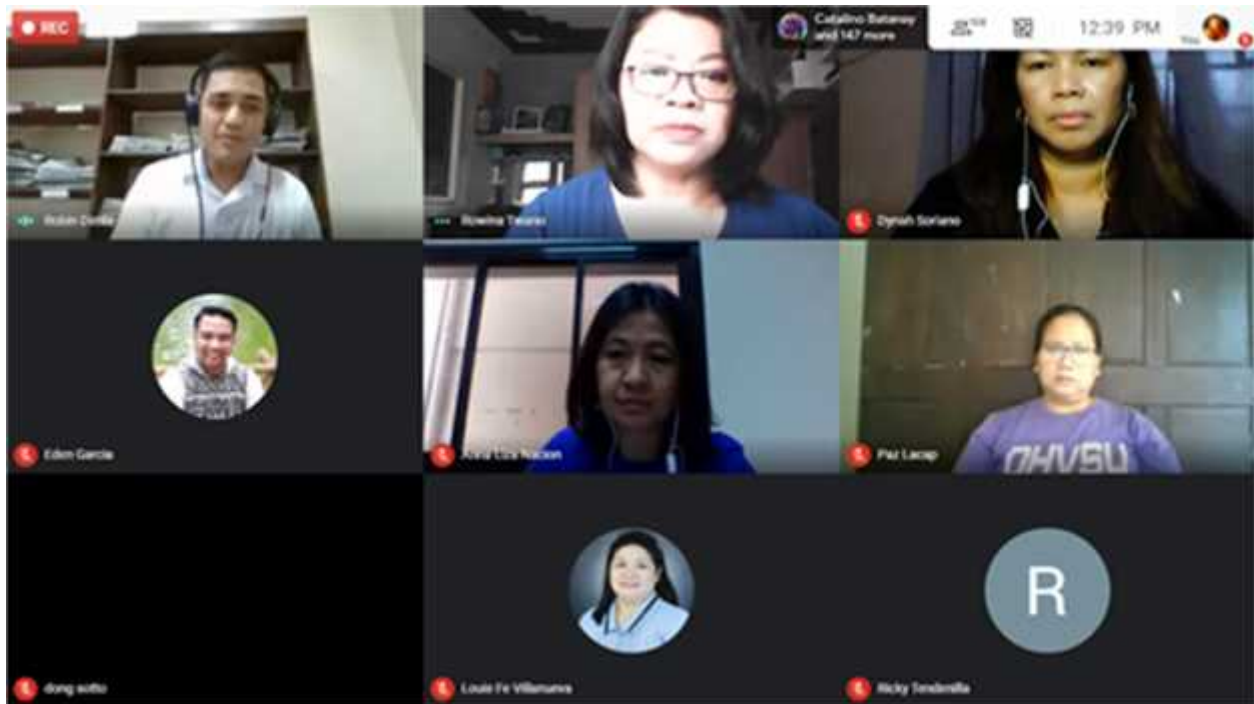

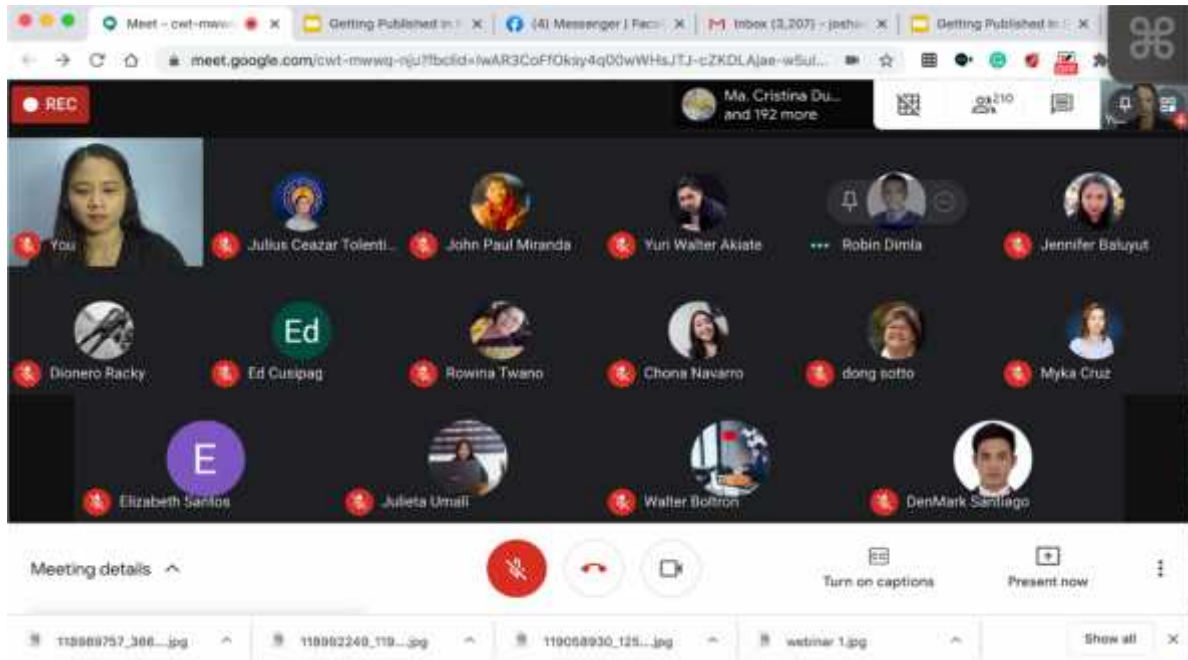

#### **Rasch Analysis**

-Prof. Dynah Soriano, Engr. Alma Tanguangco

The event was opened by a Welcome Address delivered by the **Vice President for Research, Extension and Training Office, Engr. Ranie B. Canlas**; while the Statement of Purpose was conveyed by the **Director of Research and Development Services Office, Dr. Robin B. Dimla**.

**210 participants** witnessed the event and by the apparent expression of satisfaction through congratulatory comments/remarks of those who attended the program, it can be concluded that the webinar was a success. The webinar was well moderated by Dr. Rowina Twano
